

Q&A session with ISUOG Outreach Chair, Alfred Abuhamad

What motivated you to start working with ISUOG Outreach?
*I always wanted to get involved in medical Outreach work and had recognised that ISUOG would be the ideal organisation to support these sorts of programs long term. I was initially approached by...

strategies for the diagnosis, treatment, and management of disorders affecting women. Visit their website for more information:

<http://conferences.thelancet.com/womens-health-asia/>

A 30% discount on the registration fee is available to all ISUOG members.

To receive the special promotional code please contact info@isuog.org

The Ectopic Pregnancy Trust

Ectopic pregnancy is the leading cause of maternal death in the first trimester of pregnancy. The Ectopic Pregnancy Trust is a UK-based charity providing information, education and support both for people who have experienced ectopic pregnancy, and the health care professionals who care for them. They are currently developing and expanding their resources for

health care professionals and would welcome submissions from qualified contributors. [Please read more here.](#)
