

Seeking new Editors

for

ULTRASOUND

in Obstetrics & Gynecology

The official journal of
the International Society of Ultrasound
in Obstetrics and Gynecology

The Editor-in-Chief of *Ultrasound in Obstetrics & Gynecology (UOG)*, Basky Thilaganathan, is seeking expressions of interest for editorial positions in UOG. These appointments are to replace retiring Editors and to expand the Journal's team of Editors in specific new research fields and techniques.

Editors of UOG are responsible for overseeing the peer-review process of manuscripts assigned to them and help to guide the progress of the Journal. In addition to knowledge of imaging in the fields of obstetrics/fetal medicine and/or gynecology and reproductive medicine, prospective Editors should have a track record of publications in high-quality scientific research journals, be familiar with the peer-review process, have an understanding of basic statistical principles and have a good command of the English language. Preference would be given to applicants with extensive experience in conducting systematic reviews/meta-analyses, genetics (NIPT, array and genomic screening), fetal cardiology and reproductive medicine.

Appointments will be made with consideration to the truly international nature of UOG's authorship and readership.

Expressions of interest should consist of a cover letter and a curriculum vitae, which should be sent by email to: eic@isuog.org or by post to: **UOG Editorial Office, ISUOG, 122 Freston Road, London W10 6TR, UK.**

Expressions of interest should be received by 27 June 2014.
