Registration is now open for the February 2011 interactive course in congenital anomalies & fetal echocardiography. Click [here](#) to register now

2010 World Congress

Thank you to everyone who participated in this year's World Congress. Nearly 2000 delegates and more than 300 exhibitors joined us in Prague and with 1137 abstracts accepted and presented it was our most successful Congress to date.

Congratulations to all award winners at the Congress:

Top 5 Abstracts winner:

Analysis of brain structure by MRI and neurodevelopment in preterm born infants with and without IUGR at 12–18 months of age (OC 01.04&5)
M. Sanz-Cortes (Spain)

Alfred Kratochwil award winner:

Intra- and inter-observer agreement in the assessment of three-dimensional ultrasound volumes of adnexal masses using IOTA criteria (OC19.02)
P. Sladkevicius (Sweden)

Young Investigator award winner:

Vascular properties and vascular function at early school age following IUGR with abnormal fetal blood flow and very preterm birth (OC22.05)
J. Brodzski (Sweden)

Please visit the website to view the full list of winners and some of their presentations: www.isuog.org/worldcongress/2010
