ISUOG Outreach

News from outreach...

ISUOG's latest [outreach activity](#) in Haiti continued with a second phase hands on teaching program from 19-23 May.

ISUOG is looking to expand its teaching activities in under-served regions over the next few years - if you have teaching experience and would like to help us, we would love to hear from you!

Please email info@isuog.org to register your interest.

Member News

What you want

Our recent member survey has helped ISUOG to focus on what our members really want. You told us you want more [lectures](#) and [courses](#), which we are focusing on for 2009/2010, and also more online educational tools (now in development). Click [here](#) to read more about our survey...

ISUOG is now exploring the needs of [sonographers](#), you can give us your input by completing our survey for this group, please click on 'sonographers' above to complete the short survey. We will also be asking **trainees** to help us address their needs in the near future, so please watch this space...

ISUOG's future World Congresses

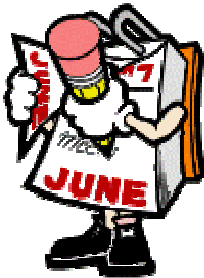

Barcelona
Geneva
Vienna

Thank you for a great response to our recent Quick Poll, we have now established a shortlist of three European destinations that you would prefer to see the 2014 World Congress visit and have requested bids from them.

Enter our next Quick Poll via our [homepage](#) and help us prioritise our goals in the next year.

Dates for your diary

13 July - [Early bird discount](#) deadline for the World Congress

12 September - [Pre-Congress courses](#) begin in Hamburg

13 September - ISUOG Congress opens! Including a private performance by the [Hamburg Ballet School](#)
