

Exploring the fetal brain: imaging, prognosis and counselling

Joining instructions

ISUOG Education Courses 2024

Live stream

Thank you for registering to attend the ISUOG Education Course on 'Exploring the fetal brain: imaging, prognosis and counselling'. The course will take place online and we have prepared the joining instructions below to assist your participation in the event remotely.

ISUOG Education Course: Exploring the fetal brain: imaging, prognosis and counselling

Date: Sunday 12 May 2024

Time: 08:00 - 17:00 BST (UTC +1)

Format: Livestream

Login: To access the course [click here](#) and use the details provided to you in your registration email to access the platform. Your login details are the email address you used to register and your confirmation number. You should have received your log-in details for the live streaming website directly via email.

Program: You can access the course program via [our website](#)

Registration

If you registered for the course after Friday 10th May, we cannot guarantee you will have access to the live course at the start. We will endeavour to register you and give you access before Session 2 (10:00am BST). If you did not receive access to Session 1 due to late registration, you will be able to watch what you missed on-demand. This will be available from Monday 13th May. We apologise for the inconvenience. If you registered on or before Friday 10th May, this does not apply to you.

Technical considerations

- We recommend you [use Chrome or Firefox](#), not Internet Explorer. Internet Explorer is not supported.
- Please make sure your wifi or broadband has a strong connection and we recommend you use headphones or speakers for optimum audio.
- [Login 10 minutes before the course starts](#) to test your connection; if you can stream any video on your internet connection and if it plays smoothly then so will the course livestream.
- If you are already logged in but experiencing problems viewing the course, refresh your browser and press play again.

Timing and interaction

The program will broadcast on 08:00 - 17:00 BST (UTC +1). You can use the [Time Zone Converter](#) to check your local time. During the live session share your questions via the 'discuss tab' on the livestream page – these will be discussed during the Q&A sessions. Unfortunately, we cannot respond to queries submitted to the live streaming website outside of course hours. If you would like to interact with likeminded individuals, you can connect with people using the [Fetal Brain and Heart Guild group](#).

Certificates of attendance

Delegates who have [logged in to the event and watched the livestream](#) will be sent a link to complete an online Evaluation Form at the end of the course, which must be completed to receive the Certificate of Attendance. On completion, you will:

- be directed to download your certificate.
- be directed to fill out a post-course assessment

ISUOG Education Courses 2024

Live stream

Post course assessment and Enhanced certificate

We are pleased to offer an enhancement to the course - delegates can take the post course assessment and on successful completion, receive an Enhanced certificate of Exploring the fetal brain: imaging, prognosis and counselling. The assessment will be available at the end of the evaluation survey and a score of 70% or above is required to receive the certificate. On successful completion you will be emailed a certificate approximately a month after the course has been held.

Lecture recordings

The course will be recorded. Recordings are available on demand for registered delegates for 2 months until **12th July 2024** on the live streaming [website](#). After this date, a selection of lectures may be made available on the [ISUOG Academy](#), this is at the discretion of, and on a timeline determined by, ISUOG's Education Committee. All members receive access to the ISUOG Academy as part of their membership.

Supplement your learning

Our education team has prepared a selection of ISUOG's online learning and research content to enhance the educational course. Please visit [our website](#) to access these materials.

We look forward to seeing you on 12th May 2024 for an exciting day of learning and discussions!

Best,

ISUOG Education
