Technical considerations

- We recommend you use Chrome or Firefox, not Internet Explorer. Internet Explorer is not supported.
- Connect your device to the internet via a Broadband or other high-speed connection and depending on the device you are using we recommend you use headphones or speakers for optimum audio.
- Login 10 minutes before the course starts to test your connection; if you can stream any video on your internet connection and if it plays smoothly then so will the course livestream.
- If you are already logged in but experiencing problems viewing the webinar, refresh your browser and press play again.

Timing and interaction

The program will broadcast on British Summer Summer Time (BST). You can use the [Time Zone Converter](#) to check your local time. During the live session share your questions via the 'discuss tab' on the livestream page – these will be discussed during the Q&A sessions. Unfortunately, we cannot respond to queries submitted to the live streaming website outside of course hours.

Certificates of attendance

Delegates who have logged in to the event and watched the livestream will be sent a link to complete an online Evaluation Form at the end of the course, which must be completed to receive the Certificate of Attendance. On completion, you will:

- be directed to download your certificate.
- be directed to download your EACCME CME certificate.
- be directed to fill out a post-course assessment
