

Course in Advanced Gynecological 3D Ultrasound

29-30 January 2026

Meeting Room 21-22, Entrance F,
Heibergs Allé 5, Regional Hospital Viborg

UA-Midl.Th. 7.2mm
UA-Midl.Th. 11.8mm
UA-Midl.Th. 11.2mm
UA-Int.Midline Ind. 21.4mm
UA-Fundl.Int.Angle 40.6°

PROGRAM

DAY 1

Morning

09:00 – 09:20 | Registration, morning coffee with pastries

09:20 – 09:30 | Welcome and today's program – Attila Botházi

09:30 – 10:15 | 2D/3D Basics – Heidi Sørensen

10:15 – 10:30 | Why and when can gynecological 3D ultrasound be used? Gynecological 3D ultrasound and saline sonohysterography – Attila Botházi

10:30 – 10:45 | Coffee break

10:45 – 11:15 | Optimal 3D image acquisition – Tips & Tricks, – Hands-on* – Attila Botházi

11:15 – 11:30 | The most important buttons and systematic 3D image optimization – Attila Botházi

11:15 – 12:15 | The normal uterus – Render and Z-technique – Hands-on*

12:15 – 13:00 | Lunch

Afternoon

13:00 – 13:30 | Classification of uterine malformations – Attila Botházi

13:30 – 14:15 | Advanced Hysteroscopic Metroplasty: Managing Uterine Septum and T-shaped Uterus – Ursula Catena

14:15 – 14:30 | Coffee break

14:30 – 16:00 | Uterine malformations - Z-technique, A- technique and OmniView-technique - Hands-on*

PROGRAM

DAY 2

Morning

- 08:30 – 08:50 | Morning coffee with pastries
- 08:50 – 09:05 | Warm-up – 3D image optimization technique repetition
- 09:05 – 09:45 | 3D Ultrasound Evaluation of IUD
Positioning and Malposition – Hands-on*
- 09:45 – 10:30 | Ultrasound appearance and classification of adenomyosis - Ligita Jakubkiene
- 10:30 – 10:45 | Coffee break
- 10:45 – 11:15 | Adenomyosis with 3D ultrasound - Hands on*
- 11:15 – 12:00 | Let's talk about MUSA – Morphological Uterus Sonographic Assessment
- Prof. Thierry Van den Bosch
- 12:00 – 12:45 | Lunch

Afternoon

- 12:45 – 13:30 | 3D Ultrasound of Uterine Fibroids and AI-Assisted Fibroid Mapping - Hands-on*
- 13:30 – 14:30 | Challenges in 3D image optimization – Is it me, the machine, or the patient?
Difficult and exciting cases – Hands-on*
- 14:30 – 15:00 | Evaluation and conclusion

Speakers and instructors:

Attila Botházi – Consultant in Obstetrics and Gynecology, Viborg

Thierry Van den Bosch – Professor, KU Leuven – Specialist in gynecological ultrasound and MUSA

Ligita Jakubkiene – Associate professor at Obstetric, Gynaecological and Prenatal Ultrasound Research, Sweden

Ursula Catena – Associate Professor, Obstetric, Gynaecological and Prenatal

Ultrasound Research – Fondazione Policlinico Universitario A. Gemelli IRCCS, Rome, Italy

Sarah Berg – Consultant in Obstetrics and Gynecology, Viborg

Mathias Gottschalck – Senior Consultant in Obstetrics and Gynecology, Viborg

Heidi Sørensen – Ultrasound Application Specialist, GE

Mette Skovgaard Eriksen – Ultrasound Application Specialist, GE

Practice makes perfect.
