

ISUOG WORLD CONGRESS 2026

London, UK | 4 – 7 September 2026

SCIENTIFIC PROGRAM OVERVIEW

The **ISUOG World Congress 2026** will take place in-person and virtually in September 2026. Register to attend this 4-day scientific program created by and for global leaders in the profession, gain CME points, engage with industry partners and network with 2,500+ of your peers face-to-face.

Key dates:

- **Spring 2026:** Registration opens
- **30 March 2026:** Abstract submission deadline
- **30 April 2026:** Presenting author registration deadline
- **June 2026:** Abstract notifications
- **6 July 2026:** Early bird registration deadline
- **4 – 7 September 2026:** Congress

Please note this is a provisional overview of the scientific program and is subject to change.

The ISUOG Forum sessions will not be accredited for CME points.

DAY 1: 4 SEPTEMBER 2026

Time (British Summer Time)	Rooms			
	SESSION HALL A	SESSION HALL B	SESSION HALL C	FORUM
08:30 - 08:40	Welcome to ISUOG 2026			
08:40 - 09:25	Top abstracts 2026			
09:25 - 10:15	Ian Donald Gold Medal and Stuart Campbell Award			
10:15 - 10:45	Break			
10:45 - 11:55	[WS] Malformations of cortical development from A to Z	[WS] Placental disorders uncovered: from early signals to operative strategy	[WS] The value of ultrasound in the non-surgical management of pelvic pain	
11:55 - 12:00	Interval			
12:00 - 12:40	[MC] Decoding the fetal brain: deep phenotyping in utero	[MC] Placenta accreta spectrum: seeing the vessels, shaping the outcome	[MC] Endometriosis: the paradigm shift	[Forum] Seeing more, scanning less: AI and the future of ultrasound
12:40 - 14:10	Lunch Industry symposium (12:55 - 13:55)			
14:10 - 15:20	[WS] At the bedside: point-of-care ultrasound and other strategies to improve maternal and fetal outcomes	[WS] Beyond TORCH: modern diagnosis and management of fetal infections	[WS] Ultrasound in the acute setting	[Forum] Incidental findings of endometriosis and adenomyosis: what now?
15:20 - 15:25	Interval			
15:25 - 16:25	[OC] Reframing the developing brain	[OC] Placenta: predicting, preventing, preparing	[OC] Pelvic pain and endometriosis	
16:25 - 16:55	Break			
16:55 - 17:40	AGM			
17:40 - 18:00	Opening Ceremony			
18:00 - 19:30	Welcome reception (Exhibition hall)			

ePosters are available to view throughout the event.

Please note this is a provisional overview of the scientific program and is subject to change.

The ISUOG Forum sessions will not be accredited for CME points.

DAY 2: 5 SEPTEMBER 2026

Time (British Summer Time)	Rooms			
	SESSION HALL A	SESSION HALL B	SESSION HALL C	FORUM
08:30 - 09:00	[PL] The pyramid of care 15 years later: how well is it working		[PL] The endometrium: the key to a successful pregnancy	
09:00 - 09:30	[PL] Nothing about us without us: embedding the patient voice in women's health research			
09:30 - 09:35	<i>Interval</i>			
09:35 - 10:35	[OC] From Doppler to deep learning in fetal heart	[OC] Mind the curve: what is new in fetal growth	[OC] Fertility workup and fertility preservation	[Forum] Innovations & simulations
10:35 - 11:05	<i>Break</i>			
11:05 - 12:15	[WS] Every Little Heart Matters	[WS] Prevention, prediction and diagnosis of FGR	[WS] The role of ultrasound in managing fertility patients	
12:15 - 12:20	<i>Interval</i>			
12:20 - 13:00	[OP] Risk stratification in modern obstetrics	[OP] Revisiting the small fetus	[OP] Fertility workup and fertility preservation	
13:00 - 14:30	<i>Lunch Industry symposium (13:15 - 14:15)</i>			
14:30 - 15:10	[MC] Keeping up with the beat: diagnosis and management of fetal arrhythmias	[MC] Management of late fetal growth restriction	[MC] The next level of expertise in ultrasound diagnosis and staging of gynecological malignancies	[Forum] Congenital uterine anomalies in children and young adolescents: cases
15:10 - 15:15	<i>Interval</i>			
15:15 - 15:55	[OP] From diagnosis to outcome prediction of fetal cardiac anomalies	[OP] Predicting adverse pregnancy outcome	[OP] Imaging in oncology	
15:55 - 16:25	<i>Break</i>			
16:25 - 17:35	[WS] Nuances of the fetal heart evaluation: advancing our understanding	[WS] From the first trimester forward: using imaging and bodily fluid biomarkers to prevent late-pregnancy morbidity	[WS] The pre- and intra-operative evaluation of gynecological cancer	

ePosters are available to view throughout the event.

Please note this is a provisional overview of the scientific program and is subject to change.

The ISUOG Forum sessions will not be accredited for CME points.

DAY 3: 6 SEPTEMBER 2026

Time (British Summer Time)	Rooms			
	SESSION HALL A	SESSION HALL B	SESSION HALL C	FORUM
08:30 - 09:00	[PL] Stuart Campbell Lecture - ASPRE trial: effects of aspirin on mean arterial blood pressure and uterine artery pulsatility index trajectories in pregnancy			
09:00 - 09:30	[PL] Compassion as strategy: innovating for global health & Gandhian thought			
09:30 - 09:35	<i>Interval</i>			
09:35 - 10:35	[OC] Anomalies diagnosis in 2026: earlier, sharper, smarter	[OC] Genetic disorders: solving the prenatal sphinx	[OC] Early pregnancy	[Forum] Every Little Heart Matters
10:35 - 11:05	<i>Break</i>			
11:05 - 12:15	[WS] First trimester anatomy	[WS] Precision prenatal diagnosis	[WS] Ultrasound for improving care in early pregnancy complications	
12:15 - 12:20	<i>Interval</i>			
12:20 - 13:00	[OP] Stepping forward in fetal phenotyping	[OP] Diagnosis of ovarian masses	[OP] Early pregnancy	
13:00 - 14:30	<i>Lunch Industry symposium (13:15 - 14:15)</i>			
14:30 - 15:10	[MC] Faces tell stories: fetal dysmorphism	[MC] Confined placental mosaicism in 2026: what's new?	[MC] Early pregnancy care: an update	[Forum] Urogynecology
15:10 - 15:15	<i>Interval</i>			
15:15 - 15:55	[OP] The architecture of fetal brain development	[OP] Frontiers in fetal intervention	[OP] Pelvic pain and endometriosis	
15:55 - 16:25	<i>Break</i>			
16:25 - 17:35	[WS] New insights in the management of abnormal uterine bleeding: the importance of ultrasound	[WS] Fetal sequencing in 2026: state-of-the-art and challenges	[WS] Ultrasound-based management versus standard care on the labour unit	
19:00 onwards	CONGRESS PARTY (ticket holders only)			

ePosters are available to view throughout the event.

Please note this is a provisional overview of the scientific program and is subject to change.

The ISUOG Forum sessions will not be accredited for CME points.

DAY 4: 7 SEPTEMBER 2026

Time (British Summer Time)	Rooms			
	SESSION HALL A	SESSION HALL B	SESSION HALL C	FORUM
08:30 - 09:30	[OC] New insights in intertwin growth imbalance	[OP] Bleeding, endometrial and myometrial pathology	[OC] Diagnosis of ovarian masses	[Forum] Basic Training
09:30 - 09:35				
09:35 - 10:15	[PL] Nothing about us without us: embedding the patient voice in women's health research			
10:15 - 10:20	<i>Interval</i>			
10:20 - 11:20	[OC] Advances in preventive obstetrics	[OC] The intelligent labor ward: precision-guided deliveries	[OC] Bleeding, endometrial and myometrial pathology	[Forum] Evaluating ovarian tumors: case illustrations
11:20 - 11:50	<i>Break</i>			
11:50 - 12:50	[OC] New tools to access fetal risk in complex pregnancies	[OC] Innovations in fetal intervention	[OC] Imaging in oncology	
12:50 - 14:20	<i>Lunch Industry symposium (13:05 - 14:05)</i>			
14:20 - 15:30	[WS] Integrating hemodynamic, imaging, and clinical data for individualized management of complex twin pregnancies	[WS] Optimizing fetal therapy: from early intervention to advanced surgical techniques and outcome prediction	[WS] Refining the diagnosis of ovarian masses and improving management	
15:30 - 15:35	<i>Interval</i>			
15:35 - 16:15	[MC] Transforming fetal therapy: from artificial womb technologies to clinical trials in fetal surgery	[MC] Decoding pre-eclampsia: from maternal microbiome to molecular subtypes	[MC] Interpreting ultrasound findings in the pediatric and adolescent population	
16:15 - 16:20	<i>Break</i>			
16:20 - 17:20	Closing plenary			

ePosters are available to view throughout the event.

Please note this is a provisional overview of the scientific program and is subject to change.

The ISUOG Forum sessions will not be accredited for CME points.
