13:55	5	Feedback and close	Prof. Rabih Chaoui (Germany) and Dr Meetan Preet (India)

Prof. Dr Rabih Chaoui (Germany)

ISUOG WORLD CONGRESS CHAIR, 2019; STUART CAMPBELL AWARD FOR EDUCATION, 2018; ISUOG FELLOWSHIP, 2013

Dr Meetan Preet (India)

COURSES SUB-COMMITTEE MEMBER

Dr. Karl Oliver Kagan (Germany)

Prof. Asma Khalil (UK)

ISUOG TRUSTEE

Learning objectives

1. Recognise anomalies that evolve or become detectable late in pregnancy
2. Distinguish true late-onset pathology from previously missed abnormalities
3. Optimise third-trimester ultrasound assessment
4. Counsel parents regarding prognosis and uncertainty
5. Plan surveillance, delivery and neonatal management
