

**Learning Objectives:**

- Gain an understanding of the latest ISUOG Twin Pregnancy Guidelines
- Learn how to manage preeclampsia in twin pregnancies
- Discover approaches to handling atypical chorionicity and amnioticity cases
- Understand how to manage vanishing twin syndrome and intrauterine twin demise
- Find out the role of genetic testing in twin pregnancies with fetal abnormalities
- Hear about the management of twin pregnancies with complete hydatidiform mole and a coexisting normal fetus
- Explore techniques for prenatal diagnosis, NIPT applications, and managing complications

**Prof. Asma Khalil (UK)**

ISUOG TRUSTEE, HONORARY TREASURER

**Dr Lucas Trigo (Switzerland)**

COURSES SUB-COMMITTEE MEMBER

TIME BST	Mins	SESSION 1: Item
08:00	5	Welcome and Introduction
08:05	25	ISUOG Twin Pregnancy guideline update
08:30	20	Preeclampsia in twins
08:50	20	Atypical chorionicity and amnioticity cases
09:10	20	Vanishing Twin and single intrauterine demise
09:30	20	Genetic testing in Twin pregnancy with fetal abnormality
09:50	20	Twin pregnancy with complete hydatiform mole and coexisting normal fetus
10:10	30	Panel discussion – Live Q&A
<b>10:40</b>	<b>20</b>	<b>Refreshment Break</b>
		<b>SESSION 2: Item</b>
11:00	20	Prenatal diagnosis in twin pregnancy
11:20	20	NIPT in twin pregnancy
11:40	20	Techniques to handle challenging TTTS, TAPS and sFGR cases
12:00	20	Early, late, recurrent and acute TTTS
12:20	20	Panel discussion – Live Q&A
<b>12:40</b>	<b>40</b>	<b>Refreshment break</b>
		<b>SESSION 3: Item</b>
13:20	20	TAPS: Diagnosis and management
13:40	20	Assessment of growth in Twins: Controversies and consensus (FERN study)
14:00	50	Debate: Management of early-onset sFGR in monochorionic twins Cord occlusion Laser surgery Conservative management Discussion
14:50	20	Panel discussion – Live Q&A
<b>15:10</b>	<b>10</b>	<b>Refreshment break</b>
15:20	25	Screening and prevention of preterm birth in twin pregnancy
15:45	20	TRAP: experience with different techniques
16:05	20	MCMA Twin Pregnancy: challenges and management
16:25	20	Fetus-in-Fetus (Parasitic Twin)
16:45	20	Heterotopic Twin Pregnancy
17:05	20	Twin pregnancy with anaemia
17:25	30	Final Panel discussion – Live Q&A
17:55	5	Feedback and close
