

**The role and value of
Doppler Ultrasound
across all trimesters**
Sunday 16th February 2025

Livestream course program
Chaired by Prof. Ahmet Baschat
and Asma Khalil

EST UTC-5	GMT UTC+0	Mins	Item	Faculty
Session 1				
Co-Chairs: Ahmet Baschat (USA) and Asma Khalil (UK)				
06:00	11:00	10	Introduction	Asma Khalil (UK) and Ahmet Baschat (USA)
06:10	11:10	20	ISUOG Doppler guideline	Katia Bilardo (The Netherlands)
06:30	11:30	10	Doppler in the screening and management of preeclampsia	Liona Poon (Hong Kong)
06:40	11:40	20	Doppler in the management of fetuses at risk of anemia	Kenneth Moise (USA)
07:00	12:00	30	Panel discussion and question regarding the E-learning	All faculty
07:30	12:30	20	Refreshment Break	
Session 2:				
07:50	12:50	20	Doppler in the assessment and management of Fetal hydrops, Fetal arrhythmia, Fetal tumors	Jena Miller (USA)
08:10	13:10	20	Doppler to improve screening for Placental insufficiency: early and late in pregnancy	Francesc Figueras (Spain)
08:30	13:30	20	Should we direct therapy in preeclampsia and FGR using maternal cardiovascular parameters?	Herbert Valensise (Italy)
08:50	13:50	30	Debate: UCR is better than CPR UCR is similar to CPR	Christoph Lees (UK) and Erkan Kalafat (Türkiye)
09:20	14:20	20	Panel Discussion	All faculty
09:40	14:40	20	Refreshment Break	
Session 3: Doppler in maternal-fetal disease				
10:00	15:00	15	Diabetes	Fabricio Costa (Australia)
10:15	15:15	15	Morbidly adherent placenta	Hiba Mustafa (USA)
10:30	15:30	15	Cesarean scar pregnancy	Francesco D'Antonio (Italy)
10:45	15:45	15	Fetal anomalies	Kurt Hecher (USA)
11:00	16:00	15	Fetal porto-systemic shunts	Ahmet Baschat (USA)
11:15	16:15	15	Doppler to identify the fetus at risk	Asma Khalil (UK)
11:30	16:30	30	Panel Discussion	All faculty
12:00	17:00	30	Refreshment/lunch Break (30 min)	
Session 4				
Co-Chairs: Ahmet Baschat (USA) and Asma Khalil (UK)				
12:30	17:30	15	Doppler in FGR assessment: Comparison of guidelines	Daniele Di Mascio (Italy)
12:45	17:45	15	Doppler in chromosomal anomalies	Waldo Sepulveda (Chile)
13:00	18:00	15	Novel Doppler imaging and cardiac assessment	Fatima Crispi (Spain)

13:15	18:15	30	Clinical case discussions	Hiba Mustafa (USA), Conrado Coutinho (Brazil) and Jena Miller (USA)
13:45	18:45	35	Final Panel Discussion	All faculty
14:20	19:20	10	Final comments and close	Asma Khalil (UK) and Ahmet Baschat (USA)

Please note that this is a provisional schedule subject to change.
