

ISUOG Education 2020 | Joining instructions

ISUOG Education Course: ISUOG Education Courses: Doppler and maternal vascular imaging Live stream

Welcome

We are delighted you will be attending **ISUOG's Education Course: Doppler and maternal vascular imaging**. The course will be livestreamed ONLY on Friday, 24 July 2020, and we have prepared the below joining instructions to assist your participation in the event via distance.

Certificates of attendance

Live stream delegates who have logged in to the event will be sent a link to fill in an online evaluation form to receive a certificate of attendance following the course. Once this survey has been completed you will be redirected to our website where you can download and print off your certificate.

CME

This course has applied for European CME credits (EACCME) to the European Accreditation Council for Continuing Medical Education. Please note that live stream delegates can obtain CME points provided they **watch the content of the course live**.

Lecture recordings

The course will be professionally recorded. After the event has concluded, the lecture recordings will be available for review on demand by registered delegates until 24 August 2020 on the live streaming website. After this point, some of the lectures may be made available on ISUOG's CME platform. The selection of lectures available from the course will be at the discretion of, and on a timeline determined by, ISUOG's Education Committee.

Log-in details

Closer to the event you will receive your log-in details for the live streaming website directly via email. Please get in contact with us if you have not received these by Monday 20 July 2020.

Technical considerations

To view the webcast, your computer must be connected to the internet via a Broadband / ADSL or other high speed connection and you will need to have headphones or speakers connected to hear the audio. A test video will be uploaded on the live stream website, please feel free to log-in to test your connection before the event. On the day of the course we recommend you login 10 minutes before it's due to start.

Timing & Interaction

The program will broadcast on BST (British Summer Time). We recommend you log-in at the equivalent local time to ensure you can ask technical and clinical questions of our speakers and moderators. Unfortunately we cannot respond to queries submitted to the live streaming website outside of course hours.

Supplement your Learning

Our education team has prepared a selection of ISUOG's online learning and research content related to Doppler and maternal vascular imaging to enhance the educational course. Please visit <https://www.isuog.org/education/supplement-your-learning/doppler-maternal-vascular-imaging-syl.html> to access these materials.
