

# 29<sup>th</sup> World Congress on Ultrasound in Obstetrics and Gynecology

12-16 October 2019, Berlin, Germany

## Scientific program

### Saturday 12 October 2019

|                    |   |                      |
|--------------------|---|----------------------|
| <b>09:00-17:45</b> | <b>PCC: Endometriosis: diagnostic challenges and surgical planning</b><br><i>Chairs: G. Condous (Australia); S. Guerriero (Italy)</i>   | <b>Estrel Hall B</b> |
| 09:00              | IDEA consensus<br><i>G. Condous (Australia)</i>   |                      |
| 09:30              | Endometriosis: is it underdiagnosed? Data on diagnostic delay<br><i>G. Hudelist (Austria)</i>   |                      |
| 10:00              | Hemoperitoneum as a precursor of deep endometriosis<br><i>D. Jurkovic (United Kingdom)</i>  |                      |
| 10:30              | Case studies  |                      |
| <b>11:00</b>       | <b>Coffee</b>   |                      |
| 11:30              | TVS and MRI for diagnosis of endometriosis: complimentary or independent imaging modalities<br><i>S. Guerriero (Italy)</i>              |                      |
| 12:00              | Ultrasound assessment of the rectum, rectosigmoid and sigmoid: planning joint colorectal surgery<br><i>T. Van den Bosch (Belgium)</i>   |                      |
| 12:30              | Case studies  |                      |
| <b>13:00</b>       | <b>Lunch</b><br><br><i>Chairs: A. Horne (United Kingdom); G. Hudelist (Austria)</i>   |                      |
| 14:00              | Ultrasound evaluation of endometriosis of the urinary tract: what does the surgeon need to know?<br><i>D. Jurkovic (United Kingdom)</i> |                      |
| 14:30              | SonoPODography: a new technique in the assessment of uterosacral ligament endometriosis<br><i>M. Leonardi (Australia)</i>               |                      |
| 15:00              | Surgical implications of fixed ovaries and/or POD obliteration noted on preoperative ultrasound<br><i>M. Leonardi (Australia)</i>       |                      |

**This is the preliminary program and is subject to change**

## 29<sup>th</sup> World Congress on Ultrasound in Obstetrics and Gynecology

12-16 October 2019, Berlin, Germany

- 15:30            What are the alternative treatment options to surgery for women with endometriosis and are there future candidate treatments in the pipeline?  
*A. Horne (United Kingdom)*
- 16:00            Coffee**
- 16:30            How to counsel women with endometriosis and endometriotic cysts: what is the risk of developing cancer in the future?  
*A. Horne (United Kingdom)*
- 16:45            Diagnosing adenomyosis  
*T. Van den Bosch (Belgium)*
- 17:15            Surgery for endometriosis  
*G. Hudelist (Austria); G. Condous (Australia)*
- 17:45            End of course
