Industry webinars will also be available to watch On-Demand, on the respective booths. For more information, speak to an industry booth representative.

Friday 16 October	02:00-02:30	03:00-03:30	07:00-07:30	14:00-14:30	17:00-17:30	<b>Tristel booth</b> Infectious microorganisms in ultrasound: safeguarding you, your patient, and how to achieve effective decontamination <i>Florence Rowe, UK</i> <i>Dr. Craig Meyers, USA</i>	<b>Roche booth</b> 10 golden rules for the use of NIPT <i>Prof. Karl Oliver Kagan, Germany</i>	<b>Momenta Pharmaceuticals booth</b> Nipocalimab: A Novel FcRn-Antibody Under Investigation for Hemolytic Disease of the Fetus and Newborn (HDFN) <i>Dr. Eleonor Tiblad, Sweden</i>	<b>Canon booth</b> Ultrasound tools for diagnosis and treatment of Ovarian cancer <i>Prof. Antonia Testa, Italy</i>	<b>Mindray booth</b> 3D and 4D Ultrasound of the Pelvic Floor: State of the Art and Future Perspective <i>Dr Aly Youssef, Italy</i>	<b>Philips booth</b> Gynecological Ultrasound – Clinical cases part 1 <i>Prof. Hoopmann, Germany</i> <i>PD Dr. Gwendolin Manegold-Brauer, Switzerland</i>	<b>Philips booth</b> Challenges with diagnosis of ovarian masses <i>Prof. Antonia Testa, Italy</i>
	03:30-04:00	04:30-05:00	08:30-09:00	15:30-16:30	18:30-19:00	<b>Illumina booth</b> Synergy between Ultrasound and cell free DNA prenatal screening for chromosome abnormalities <i>Dr. Lawrence D. Platt, USA</i>						
	05:10-05:40	06:10-06:40	10:10-10:40	17:10-17:40	20:10-20:40	<b>Hitachi booth</b> How to improve sequential analysis on Fetal Heart <i>Prof. Julene Carvalho, UK</i>						
	09:10-09:40	10:10-10:40	14:10-14:40	21:10-21:40	00:10-00:40 (+1)	<b>Natera booth</b> NIPT pitfalls and predictions: getting a closer look at challenging situations. Case studies and discussion. <i>Dr. Samantha Leonard, France</i> <i>Dr. Waldo Sepúlveda, Chile</i> <i>Dr. Veronika Frisóva, Czech Republic</i>						
	12:30-13:00	13:30-14:00	17:30-18:00	00:30-01:00	03:30-04:00 (+1)	<b>Samsung booth</b> MV-flowTM, LumiFlowTM and CrystalVueTM in Abnormally Invasive Placenta <i>Prof. Christoph Lees, UK</i>						
Saturday 17 October	02:00-02:30	03:00-03:30	07:00-07:30	14:00-14:30	17:00-17:30	<b>Canon booth</b> The fetal heart: It may even puzzle the expert <i>Dr. Monique Haak, Netherlands</i>	<b>Mindray booth</b> Congenital Anomalies of Fetal Kidney and Urinary Tract <i>Prof. Suresh Seshadri, India</i>					
	03:30-04:00	04:30-05:00	08:30-09:00	15:30-16:30	18:30-19:00	<b>Illumina booth</b> Why, how, what? Perspectives on Pregnancy Loss & Opportunities arising from cfDNA testing <i>Dr. Antoni Borrell, Spain</i>						
	05:00-05:40	06:00-06:40	10:00-10:40	17:00-17:40	20:00-20:40	<i>10:00-10:30</i> <b>Philips booth</b> Maternal and fetal cardiac function in placental dysfunction <i>Prof. Basky Thilaganathan, UK</i>	<i>10:10-10:40</i> <b>Hitachi booth</b> Low velocity blood flows detection (DFI) in fetal ultrasound scanning <i>Dr. Marc Althuser, Grenoble, France</i>					
	07:10-07:55	08:10-08:55	12:10-12:55	19:10-19:55	22:10-22:55	<b>GE Satellite symposium   Auditorium 1</b> Hear about the latest in OB, GYN and Artificial Intelligence. Dr. Rabih Chaoui Germany, Dr. Gregory DeVore USA, Dr. Aris Papageorgiou UK, Dr. Tina Tellum Norway <i>This session will also be available to watch On-Demand in the Resource Centre</i>						
	09:00-09:40	10:00-10:40	14:00-14:40	21:00-21:40	00:00-00:40 (+1)	<i>14:00-14:30</i> <b>Philips booth</b> Albuquerque, Sydney, Amsterdam – Can remote Ultrasound be diagnostic? <i>Dr. Mike Ruma, USA</i>	<i>14:10 – 14:40</i> <b>Natera booth</b> Integrating NIPT with carrier screening for all: what difference does it make to use a pan-ethnic enhanced testing strategy? Case studies and discussion. <i>Dr. Samantha Leonard, France</i>					
	10:00-10:30	11:00-11:30	15:00-15:30	22:00-22:30	01:00-01:30 (+1)	<b>Samsung booth</b> Imaging the Infected Fetus <i>Prof. Yves Ville, France</i>						
Sunday 18 October	02:00-02:30	03:00-03:30	07:00-07:30	14:00-14:30	17:00-17:30	<b>Canon booth</b> New insights into fetal CNS pathologies: from prenatal imaging to genetics <i>Prof. Laurent Guibaud, France</i> <i>Sara Cabet, France</i>	<b>Mindray booth</b> Ultrasonography of Fetal Brain: Normal and Abnormal Findings <i>Prof. Qingqing Wu, China</i>	<b>Philips booth</b> The impact of fetal Ultrasound to neonatal and pediatric care <i>Prof. Luis Goncalves, USA</i>	<b>Philips booth</b> Fetal heart and fetal heart interventions <i>Prof. Joanna Dangel, Poland</i>			
	03:30-04:00	04:30-05:00	08:30-09:00	15:30-16:30	18:30-19:00	<b>Illumina booth</b> Expanding the Scope of NIPT <i>Dr. Tristan Hardy, Australia</i>						
	05:10-05:40	06:10-06:40	10:10-10:40	17:10-17:40	20:10-20:40	<b>Hitachi booth</b> Early pregnancy assessment with the novel CMUT linear transducer and insights on surface abnormalities <i>Dr. Claudio Celentano, Italy</i>						
	09:10-09:40	10:10-10:40	14:10-14:40	21:10-21:40	00:10-00:40 (+1)	<b>Natera booth</b> Beyond the tip of the iceberg: taking NIPT into the realm of single gene disorders. Case studies and discussion. <i>Dr. Samantha Leonard, France</i> <i>Dr. Danielius Serapinas, Lithuania</i>						
	16:30-17:00	17:30-18:00	19:30-20:00	04:30-05:00	07:30-08:00	<b>Samsung booth</b> The Use of the New Vascular Tools in the Advanced Ultrasound Study of the Fetal Brain <i>Prof. Tullio Ghi, Italy</i>
