

## Main program grid

Saturday	Sunday timings	Sunday	Mon-Tues timings	Monday					Tuesday				Wed timings	Wednesday								
<b>REGISTRATION</b>	<b>07:00 onwards</b>	<b>REGISTRATION</b>	<b>07:30-08:10</b>	Prematurity prevention: from ultrasound to proteomics	Malformations of cortical development: is it possible to reach an etiologic diagnosis? <span style="color: red;">[certificate]</span>	How to evaluate a patient presenting with infertility with a single scan	Ultrasound and cfDNA: a happy marriage?		Acquired prenatal insults of the brain <span style="color: red;">[certificate]</span>	Management and delivery in fetal growth restriction	Managing early pregnancy complications	Abnormal heart rhythm: how to diagnose and how to manage	<b>07:30-08:10</b>	First trimester fetal anatomy scan: the basics and beyond	Recognising different types of ovarian tumours from metastatic lesions to immature teratomas	All you need to know about multiple pregnancy						
<b>Pre-Congress courses:</b>  <b>DEGUM: Fetal anomalies: heart and CNS</b> <span style="color: red;">[certificate: p.m. only]</span>  <b>SMFM: Advances in prenatal diagnosis, pre-eclampsia prediction and future technologies</b>  <b>Endometriosis: diagnostic challenges and surgical planning</b>	<b>08:30-09:50</b>	Keynote lectures	<b>08:15-09:35</b>	cfDNA in our daily practice: what should we expect?	Cerebellum and posterior fossa [LIVE SCAN] <span style="color: red;">[certificate]</span>	Classifying and managing ovarian masses	Ultrasound in the labour ward		Corpus callosum et al <span style="color: red;">[certificate]</span>	Fetal growth: the bigger picture [LIVE SCAN]	Managing complications in early pregnancy	Cardiac function and complications in congenital heart defects	"Hands-on" Fetal heart simulation [08:00-12:00]	<b>08:15-09:35</b>	Improvements in the diagnosis of congenital heart defects [LIVE SCAN]	Assessing women with urinary incontinence with ultrasound	Hypertension in pregnancy and maternal hemodynamics					
	<b>09:50-10:25</b>	ISUOG achievements 2018 incorporating the AGM	<b>09:40-10:20</b>	Novel imaging methods, AI and more	Multimodal management of fetal anomalies	Classifying and managing ovarian masses	Ultrasound in the labour ward		Neuroimaging <span style="color: red;">[certificate]</span>	IUGR: basic science	Current thinking on Caesarean section scars & EMV	Evaluation of the intrinsic function of the fetal heart		<b>09:40-10:20</b>	IUGR: clinical studies	Evaluating myometrial pathology and fibroids	Fetal surgery					
	<b>10:25-11:00</b>	<b>COFFEE AND ELECTRONIC POSTER VIEWING</b>	<b>10:15-10:45</b>	<b>COFFEE AND ELECTRONIC POSTER VIEWING</b>																		
	<b>11:00-12:15</b>	Award lecture and top abstracts	<b>10:45-12:05</b>	New genetic technologies: how can they help?	The challenge of ventriculo-megaly <span style="color: red;">[certificate]</span>	Investigating women with abnormal bleeding	Prediction of pregnancy complications		Fetal surgery	Growth: insights into assessment	Using ultrasound to evaluate women with pelvic pain and possible endometriosis	Molecular techniques and MRI in the diagnosis of congenital heart defects		<b>10:45-12:05</b>	Using ultrasound in reproductive medicine: the diagnosis of PCO and uterine abnormalities	Placenta accreta spectrum	Fetal anomalies: lungs and infections					
	<b>12:15-13:45</b>	<b>LUNCH, ELECTRONIC POSTER VIEWING AND SATELLITE SYMPOSIA (Satellite Symposia 12:30-13:30)</b>	<b>12:45-14:15</b>	<b>LUNCH, ELECTRONIC POSTER VIEWING AND SATELLITE SYMPOSIA (Satellite Symposia 13:00-14:00)</b>																		
	<b>13:45-15:15</b>	cfDNA: new challenges	A glimpse into brain research from the lab to imaging <span style="color: red;">[certificate]</span>	Early pregnancy: management of common problems	Fetal surgery	Use of ultrasound for breast imaging	<b>14:15-15:35</b>	Novel developments in our field	Fetal anomalies: head and spine [LIVE SCAN] <span style="color: red;">[certificate]</span>	Ultrasound to help manage the oncology patient	Fetal interventions in monozygotic twins			Monozygotic twins	Fetal anomalies in the second trimester [LIVE SCAN]	Ultrasound, infertility and fertility preservation	Hemodynamics from fetus to mother	<b>14:15-15:45</b>	Abnormally invasive placenta [LIVE SCAN] tbc	Case discussions: using ultrasound to manage oncology patients	Late FGR and stillbirth	
	<b>15:15-15:45</b>	<b>COFFEE AND ELECTRONIC POSTER VIEWING</b>		<b>15:35-16:00</b>	<b>COFFEE AND ELECTRONIC POSTER VIEWING</b>													<b>15:50-16:50</b>	Closing plenary: the power of ultrasound			
	<b>15:45-17:35</b>	Awards and plenaries		<b>16:00-17:30</b>	How isolated is "isolated" corpus callosum agenesis? <span style="color: red;">[certificate]</span>	Abnormalities of situs and the venous system [LIVE SCAN]	Classifying ovarian masses using IOTA terminology, rules and models	Assessing early fetal growth restriction	3D US of the fetal head	Outcome of infratentorial anomalies <span style="color: red;">[certificate]</span>	Ultrasound in the labour ward: why and how [LIVE SCAN]	Ultrasound, fertility preservation and fertility sparing surgery		Updates on infections during pregnancy	<b>16:50-17:30</b>	Leaving drinks and Welcome to Glasgow 2020!						
	Eve	Opening ceremony and Welcome drinks		<b>17:30-18:00</b>	Key messages of the day for Trainees (in Hubs)					Key messages of the day for Trainees (in Hubs)				Congress party								

**KEY:** PCC Plenary Obs OC OP [certificate = Certificate of fetal brain imaging]  
 Masterclass Workshops Gyne OC Social

This is the preliminary program and is subject to change
