

# ISUOG Newsletter

March 2019

Dear \*{FNAME}\* \*{LNAME}\*,

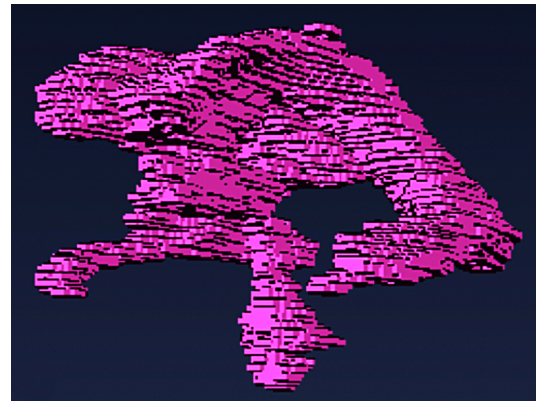

After over 20 years of leading the organisation, Sarah Johnson, ISUOG's CEO, has decided the time is right to step down from her role and to hand over to someone new to take the Society through its next stages of development. We would like to take this opportunity to thank her for her enormous contribution to the development, growth and success our Society has achieved to date.

Sarah Johnson

Prof. dr. C.M. (Katia) Bilardo  
ISUOG President

## Highlights from the March Issue of the UOG Journal

The [March issue of Ultrasound in Obstetrics & Gynecology](#) has a special focus on management of prenatally diagnosed spina bifida, with relevant articles on neurodevelopmental outcome following prenatal vs postnatal closure, insufflation of heated and humidified, rather than cold and dry, CO<sub>2</sub> in fetoscopic repair of spina bifida, and prenatal brain imaging for predicting the need for postnatal hydrocephalus treatment following prenatal repair of a neural tube defect. Read [this month's highlights](#) now. The next issue of UOG has a special focus on the cerebroplacental ratio: normal values and use in management of labor. To view all UOG content, [join us](#) as a [Journal member](#) of ISUOG today.

UOG Highlights

## ISUOG education courses: Available to live stream

[ISUOG Fetal Anomalies 2019](#) 3-5 May, Athens, Greece, and live streamed globally. Join Rabih Chaoui, Ann Tabor, Dario Paladini and [other leading experts in the field](#) for an advanced overview on the diagnosis and management of fetal anomalies. You can view the [program](#), [supplement your learning](#) with related resources, and [register now](#) to attend onsite in Athens or via live stream.

[First Trimester](#) 4-5 May, live streamed globally. Chaired by Dr Simon Meagher, this course will provide an in-depth look at the [guidelines](#) and clinical practice for the sonographic assessment of the normal fetus at 11-14 weeks. Explore the topic with this course's [supplement your learning](#) page. Check out the [program](#) and [international faculty](#), and [register for live stream now](#).

[Urogynecology and pelvic floor ultrasound](#) 6 July, London, UK, and live streamed globally. You can [supplement your learning](#), view the [provisional program](#), and [register now](#) for a problem-based overview of transperineal ultrasound with Vered Eisenberg, Aly Youssef and Anneke Steensma.

Education courses

## Updates from ISUOG Basic Training

Basic Training is heading to Brazil! There is still time to register for our [São Paulo Basic Training course](#), which you can attend [onsite](#), via [individual live stream](#) or by hosting a [satellite course](#). This one day theoretical course is suitable for delegates who have limited ultrasound experience in obstetrics and gynecology. View the program (in [English](#) or [Portuguese](#)) and register now! In other news, Basic Training's full theoretical curriculum is now complete! Check out our [30 new lectures](#) focused on delivering the best theoretical knowledge in obstetrical and gynecological ultrasound. You can also view a [selection of highlights](#) from our past Basic Training courses, and find out more about our [Basic Training contributors](#).

## 29th World Congress on Ultrasound in Obstetrics and Gynecology

12-16 October 2019, Berlin, Germany

There is one month to go until the abstract submission deadline! To submit an abstract for consideration in the scientific program, you must do so before **8 April 2019**. Visit our website for guidance on [abstract submission](#), along with [Travel Grant information](#) and last year's [award winning abstracts](#). Abstract submitters will benefit from a €100 discount. [Register now](#) for the lowest available rates for our Berlin World Congress! Browse the [provisional World Congress program](#) and find out more about our pre-Congress courses, taking place on 12 October 2019:

- [Fetal anomalies: heart and central nervous system](#)
- [Making the most of current technologies in pregnancy care](#)

These pre-Congress courses will be available to live stream. You can also [book your accommodation](#) at discounted rates exclusive to our delegates.

Register now

## The 15th ISUOG International Symposium

12-14 April 2019, São Paulo, Brazil

ISUOG's 2019 [International Symposium](#) will take place next month in São Paulo, and is brought to you in partnership with the Brazilian Society of Ultrasound and convened by Fabricio da Silva Costa, Wellington Martins and Waldemar Naves do Amaral. Check out the [scientific program](#) (available in Portuguese and English) and join us in beautiful Brazil to hear from [leading experts](#) such as Basky Thilaganathan, Caterina Bilardo, Julene Carvalho, George Condous and many more.

Register now

## Enhance your learning

[Join ISUOG online](#) for exclusive membership benefits, including a variety of top quality educational resources:

- [Supplement your learning](#) for upcoming ISUOG courses with selected resources relevant to each course topic
- Top World Congress online presentations from 2014-2017 on our [On Demand platform](#). ISUOG2018 presentations are currently restricted to ISUOG2018 delegates, and will be available to all members next month
- 250+ online lectures categorised into [35 learning modules](#)
- [Earn CME points](#) at a time and location that suit you via ISUOG's online CME platform
- [VISUOG](#): our visual encyclopedia for ultrasound in obstetrics and gynecology
- [Fetal biometry calculators](#)

Enjoy learning with ISUOG!
