

August 2018

## 2 WEEKS UNTIL THE EARLY BIRD DEADLINE FOR #ISUOG2018!

[Register now](#) for the **lowest available fees!**

## 28<sup>th</sup> World Congress on Ultrasound in Obstetrics and Gynecology

**20 – 24 October 2018, Singapore**

Incorporating ASUM 2018

Join us Saturday 20 - Wednesday 24 October as we celebrate the latest research from some of the most [internationally acclaimed researchers](#) in the field. This year, our confirmed [keynote speakers](#) so far include:

- Prof. Bettina Borisch (Switzerland)
- Prof. Tom Bourne (UK)
- Dr Rex de Ryke (New Zealand)
- Dr Ronald McCoy (Malaysia)
- Dr Neil O'Gorman (France)
- Prof. Gordon Smith (UK)
- Prof. Baskaran Thilaganathan (UK)

See the day-by-day [provisional program](#) for more speakers and topics.

A key part of our vibrant [social program](#) is the Congress Party, which will take place on the 23 October at Chinatown Food Street.

Here, you can try different cuisines from more than twenty food stalls and enjoy live demonstrations in the heart of Singapore.

[Register now](#)

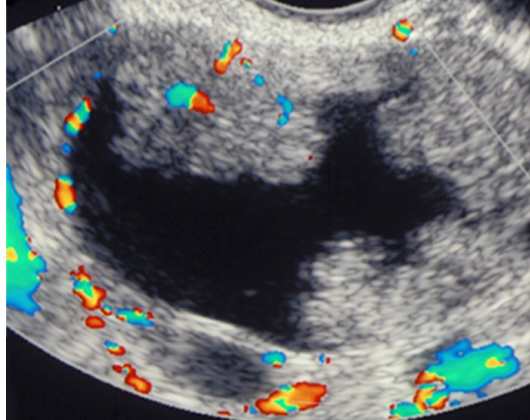

Our [pre-Congress courses](#) will run on 20 October 2018. Choose from the following:

- ['From genetics to obstetric management: essential genetics in practice'](#)
- [Ultrasound for diagnosis and presurgical staging of deep endometriosis \(DIE\)](#)
- [Basic Training Course: A Practical Approach to the Ob/Gyn Ultrasound Examination](#) (available to live stream via [satellites](#))

You now have less than three weeks left to register with early bird rates for the [28th World Congress on Ultrasound in Obstetrics and Gynecology](#). Take a look at [lectures from our previous congresses](#) to see why you can't miss #ISUOG2018.

The official ISUOG website is [www.isuog.org](http://www.isuog.org) and registration email address is [registration@isuog.org](mailto:registration@isuog.org). Please only use the official website and should you receive email communications with regards to ISUOG registration from any other emails, do not reply. We kindly request you to forward those emails to [registration@isuog.org](mailto:registration@isuog.org) and we will take further actions.

### August highlights from UOG

The [August issue](#) of *Ultrasound in Obstetrics & Gynecology* includes two Original Articles and accompanying Opinion pieces on the outcome of fetuses with aortic stenosis following fetal aortic valvuloplasty, articles on obstetric and gynecological ultrasound training, and a [Systematic Review](#) on the outcome of fetuses with a prenatal diagnosis of isolated severe bilateral ventriculomegaly. Next month: a Systematic Review from Buca *et al.* on maternal outcome following prenatal diagnosis of abnormally invasive placenta; and two articles on how site of cord insertion in twin pregnancies affects outcome. [Become a Journal member of ISUOG](#) to view all content from the field's leading peer-reviewed journal with an impact factor of 5.65.

### ISUOG's 2018 Basic Training summit

22-23 June 2018

Members of the [ISUOG Basic Training Task Force](#) convened for two intense days at the ISUOG office in London in order to finalise the theoretical and practical components of the ISUOG Basic Training standardised curriculum, and discuss future steps towards trainee assessment and certification.

Over the next few months, various Basic Training courses will take place around the globe. Visit the Basic Training Page for more information on how to participate in upcoming learning opportunities, commencing with our full 4-day curriculum to be delivered in [Chennai, India](#) in September, or organise a [satellite](#) to bring BT to you.

### Basic Training in Lebanon 2018-2019

ISUOG will be running the [ISUOG Basic Training Program in Lebanon](#) in Beirut over the academic year 2018/2019 following the hugely successful pilot program, which took place in 2017/2018. From September to June, attendees will be taught the full Basic Training theoretical and practical curriculum for a comprehensive introduction to ultrasound in obstetrics and gynecology. Attendees will be assessed at the end of the program in order to receive the ISUOG Basic Training certificate of completion. We encourage those interested to attend the [program information session](#) on 31<sup>st</sup> July at Hôpital Aboujaoude in Beirut to find out more!

[More information](#)

### Join ISUOG for discounted fees for these ISUOG events:

[The Basic Training full theoretical program on ultrasound in obstetrics and gynecology](#), 27-30 September 2018, Chennai, India. Available to live stream via [satellites](#).

[28th ISUOG World Congress](#)

20-24 October 2018, Singapore

[View our pre-Congress courses here.](#)

[Advanced Fetal Neurosonography: when do I need to refer for fetal MRI?](#)

07-08 December 2018, London, UK and live streamed globally

[15th ISUOG International Symposium](#)

12-14 April 2019 in São Paulo, Brazil

[29th World Congress on Ultrasound in Obstetrics and Gynecology](#)

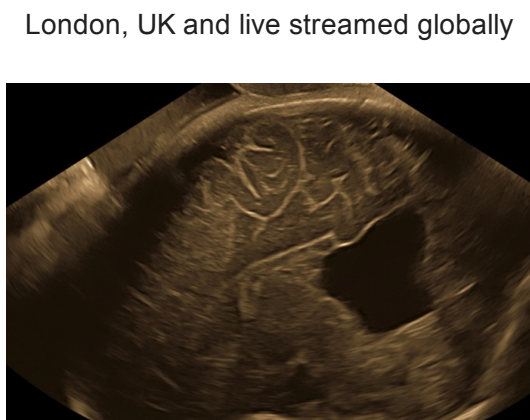

13-16 October 2019 in Berlin, Germany

[Find an ISUOG Event](#)

### Advanced Fetal Neurosonography: when do I need to refer for fetal MRI?

7-8 December 2018

London, UK and live streamed globally

You can register now for this [two day ISUOG education course](#), which will provide you with a high-quality update on the role of fetal MRI in advanced fetal neurosonography. The course will be chaired by ISUOG Board Members and International experts Dr Gustavo Malinger and Prof. Daniela Prayer, and our other key speakers are Mr Anis Papageorgiou and Prof. Gianluigi Piliu. Check out the provisional program [here](#).

Join us onsite in London, UK, or live stream the course at a time and location that suits you. Recordings will be available online for all delegates for one month after the course.

[Become an ISUOG member](#) to register at a reduced rate. Find more information on this course over on [our website](#).
