

# Hubs

Timings	Monday				Tuesday				Wednesday			
08:15-09:15		ISUOG Basic Training series I	In conversation with <i>I. Timor-Tritsch</i> : Caesarean scar pregnancy	In conversation with <i>S. Campbell</i> : pearls of gynecological imaging		ISUOG Basic Training series II	A practical guide for 3D imaging in routine gynecological practice			ISUOG Basic Training series III	In conversation with <i>F. Ushakov</i> : early neurosonography: fetal CNS at 11-13 weeks	
09:40-10:20	cfDNA and new genetic technologies	Diagnosis and prognosis of congenital heart defects	Ultrasound and reproductive medicine	Fetal disease I	First, second and third trimester screening	Improving perinatal outcomes	Using ultrasound to evaluate women with pelvic pain and possible endometriosis	Multiple pregnancy	Novel technology, training and safety	Fetal disease III	MRI and neurosonography	
10:15-10:45	<b>COFFEE &amp; ELECTRONIC POSTER VIEWING</b>											
10:45-11:45	Outreach virtual mentor workshop	Infections	In conversation with <i>G. Condous</i> : how I evaluate my patients for endometriosis before surgery		In conversation with <i>A. Khalil</i> : medico-legal cases	In conversation with <i>G. Malinge</i> : why do I (not) need MRI?	In conversation with <i>K.O. Kagan</i> : fetal anomaly screening in the first trimester	Meet the Ambassadors	In conversation with <i>C. Lees</i> : bring your own challenging Doppler cases – interpretation and management	Russian-speaking ultrasound specialists community	Presence of WATOG in ISUOG: MFM education [10:45-12:45]	In conversation with <i>F. Da Silva Costa</i> : how to set up a first trimester screening for pre-eclampsia – a global perspective
12:10-12:50	Fetal disease II	Fetal growth: predicting outcomes	Classifying ovarian masses using ultrasonography	New techniques for the evaluation of the fetal heart	Fetal interventions and therapy: complicated monochorionic pregnancy, spina bifida and other conditions	Hypertension in pregnancy	Managing early pregnancy complications	Fetal growth: Doppler and other functional assessment	Preterm birth and the placenta	Rare and interesting cases of congenital heart defects		
12:45-14:15	<b>LUNCH, ELECTRONIC POSTER VIEWING, AND SATELLITE SYMPOSIA (Satellite Symposia 13:00-14:00)</b>											
12:45-14:15	Guidelines: Chinese	Guidelines: French recommendations for cell-free DNA	In conversation with <i>N. Raine-Fenning</i> : fertility		Guidelines: Russian	Guidelines: Spanish	Sonohysterography pitfalls/pearl	False positive images at the mid-term scan				
14:15-15:15	3D: the right modality, for the right patients in the right time		In conversation with <i>D. Timmerman</i> : the IOTA study and classifying ovarian masses Q&A				Ultrasound images from around the world					
15:20-16:20	<b>COFFEE &amp; ELECTRONIC POSTER VIEWING</b>											
15:20-16:20	Polish Society	SFM Society	In conversation with <i>W. Martins</i> : uterine anomalies	Argentina Society	Meet and greet: PSUOG meets ISUOG	Education on ultrasound in obstetrics and gynecology	Debate: should methotrexate be given to treat ectopic pregnancy?	Romanian Society				
16:25-17:25	Intrapartum ultrasound quiz: look at the screen and decide how to delivery the baby!	Ultrasound in labour in a low-resource setting	Why 'P' valves are not the be all and end all		Techniques for avoiding musculoskeletal & back injuries whilst scanning: ergonomics pain for sonologists/ sonographers		Translational research for clinicians' work in gynecological ultrasound					
17:30-18:00	Key messages from Monday: Convention Hall II	Key messages from Monday: Convention Hall I (D)		Key messages from Monday: Estrel (A+B)	Key messages from Tuesday: Convention Hall II	Key messages from Tuesday: Convention Hall I (D)		Key messages from Tuesday: Estrel (A+B)				

<b>KEY:</b>	Obs poster hubs	Hubs
	Gyne poster hubs	

This is the preliminary program and is subject to change
